

Como Consult GmbH is a consulting firm with headquarters in Hamburg and an office in Berlin. Our working areas include organisational development and change management, strategy and management advice, human resource and executive staff development, project implementation, monitoring and evaluation.

Our clients include ministries of the Federal Republic of Germany and other countries in Europe, international bi- and multilateral institutions such as KfW, BGR, InWEnt, World Bank, Asian Development Bank and others.

Currently we are implementing several long-term development projects for the Gesellschaft für Internationale Zusammenarbeit (GIZ) in Latin America, Asia and Africa. Our thematic key expertise lies in topics of good governance, decentralisation, private sector development, regional development and natural resource management.

Starting immediately (ideally latest by beginning or mid of March 2020), we are looking to fill the position of a

## **Coordinator for Inclusive Business Models (InBM)**

in the private sector development project „ProEcon“ of GIZ and its partners in Mozambique

### **Duties**

As a coordinator for InBM you would be responsible for:

- coordination of ongoing development partnerships with the private sector (DPP) including the project steering, quarterly monitoring and communication with the entrepreneurs and other partners
- identification of prospective DPP,
- coordination of five national and regional advisors, including the daily and monthly administrative back office such as time sheet management, vacation management etc.,
- coordination of hired short-term consultants carrying out studies and assessments for the project,
- regular communication with the backstopping personnel in the home office in Hamburg.

You are based in Maputo, Mozambique with frequent travel (approx. 50% of working time) to the Provinces of the country.

## **Your profile**

You hold

- A University Degree (German Diplom/Master) in Economics, Business Administration, Agriculture, Agronomy or similar,
- At least 5 years of working experience in project management or coordination, ideally with human resource management responsibilities,
- At least 10 years of working in private sector development, sustainable economic development and/or rural development,
- 5 years working in Sub-Sahara Africa, ideally in Mozambique,
- Working experience in development cooperation projects,
- Fluency in English and/or German as well as Portuguese and/or Spanish,
- Knowledge of Capacity Works would be an asset.

In addition, you are used to working independently and self-reliant, with a keen eye for details and precision when developing documents for internal and external use. You are a skilled communicator, used to interacting tactfully across different cultures and environments.

## **What we offer**

- An independent working environment with a high degree of personal responsibility and offer the according room to manoeuvre and creative freedom,
- Work in an interdisciplinary, highly qualified environment with unusual and exciting projects and very friendly colleagues,
- Possibility for personal development through advanced trainings and skills enhancement as appropriate to the working context.

## **Your application**

We are looking forward to your meaningful and personable application including cover letter, CV, photo, relevant references to [miriam.gyamfi@como-consult.de](mailto:miriam.gyamfi@como-consult.de).
